NOTIFICATION.

No. 6591A.—The 6th June 1927.—The following provisional rules to regulate the recruitment by examination of certain of the provincial and other services in Bengal during 1927 are published for general information. Separate announcements will be made of the dates and place of the examination :—

RULES.

1. **Extent of application.**—These rules apply to the direct recruitment of the Bengal Civil Service (Executive), the Bengal Excise Service, the Bengal Police Service, the Bengal Junior Civil Service, Income-tax officers recruited by the Commissioner of Income-tax, Bengal, the Bengal Junior Excise Service and the Upper Division of the Secretariat Clerical Service.

2. **Method of direct recruitment.**—Direct recruitment for these services will be made on the results of a competitive examination, but Government and the Commissioner of Income-tax, Bengal, reserve the right to appoint by nomination from the list of qualified examinees individual candidates belonging to the backward classes as enumerated on page 189, Part I of the Report of the Calcutta University Commission and to the Anglo-Indian, Indian Christian and Buddhist communities and other minorities if the results of the examination fail to secure the representation of such classes or communities, and in the case of the Upper Division of the Secretariat Clerical Service to fill European and Anglo-Indian vacancies by selection from outside the list. The Commissioner of Income-tax also reserve the right to make appointments by nomination to posts for which special, technical or linguistic qualifications are essential and to make appointments by nomination from the list of qualified Muhammadan examinees.

3. **Choice of service.**—Each candidate for direct recruitment will be required to specify in his application the service or services for which he desires to compete, placing them in the order of his preference, and the choice thus indicated will be final. Appointments will be assigned to successful competitors with due consideration of their choice and the number of vacancies in the various services.

4. **Communal representation.**—The examination board will submit to Government separate lists showing (*a*) the Muhammadan candidates, (*b*) the candidates belonging to the backward classes and other minorities and (*c*) all others. Appointments will be made from these lists in the order of merit of the candidates subject to the following provisions :—

In services other than the Income-tax Department Government reserve the right to nominate any qualified candidate in list (*b*).

In services other than the Upper Division of the Secretariat Clerical Service and the Income-tax Department Government reserve the right to fill as many as 45 per cent. of the vacancies by the appointment of Muhammadan candidates if there are qualified candidates available. In the Upper Division of the Secretariat Clerical Service the minimum proportion of Muhammadans is secured by appointing a Muhammadan to every third vacancy in each office if a qualified candidate is available. The provisions for appointment of Muhammadans to the Income-tax Department are indicated in rule 2.

5. **Notification of vacancies.**—The number of appointments to be made to these services will be notified as soon as possible after the 1st July. The examination will be held towards the end of the year.

6. **Application for admission to whom addressed.**—A person desiring to be admitted to the examination shall apply, before such date as the Governor in Council may prescribe, to the head of the college from which he passed his examination for the degree of Bachelor of Arts, Science, Commerce, etc. A candidate who passed the examination as a non-collegiate student shall send in his application to the Registrar, Calcutta University, together with a certificate of character signed by the Principal of his college if he was connected with one, and by the Magistrate of the district in which he is resident, in other cases ; candidates from Dacca University shall apply to the Registrar, Dacca University. All other candidates (not included in the previously mentioned categories) shall apply to the Director of Public Instruction, Bengal :

Provided that in no case shall a candidate apply to more than one of these authorities, and that such application shall always be made through their Durbars by persons resident in a State in India.

7. **Time and manner of application.**—Applications shall be made, before such date as the Governor in Council may prescribe, in the form shown in Schedule I, copies of which may be obtained from the heads of colleges, the Registrars of the Calcutta and Dacca Universities, and the Director of Public Instruction.

8. **Application fee.**—No application will be taken into consideration by the nominating authority, unless it is accompanied by non-judicial stamps of the value of Rs. 5 or a chalan showing payment into a Government treasury of the sum of Rs. 5. This payment is obligatory whether such application is subsequently rejected or not. Applications stamped with postage stamps will not be accepted.

9. **Selection Committee.**—The Governor in Council will appoint a Selection Committee. This Committee will be composed of officials and non-officials in equal numbers and will be presided over by a high officer of Government.

10. **Nomination.**—The heads of colleges, the Registrars of the Calcutta and Dacca Universities, and the Director of Public Instruction shall forward to the Selection Committee, before such date as the Governor in Council may prescribe, the applications of candidates nominated in accordance with the allotment of nominations shown in

Schedule II and shall certify the moral character of each candidate so nominated. The application of a non-collegiate student nominated by the Registrar of Calcutta University should be supported by the character certificates mentioned in rule 6. In making these nominations, due regard should be paid to the desirability of different classes and communities being represented in the public service.

11. **Selection certificates.**—In order to make the appraisement of individual merits of candidates possible, the Selection Committee shall issue certificates of selection to such of the nominated candidates, not exceeding 200 in all, as it considers qualified to appear at the examination. The selection or rejection of a candidate by the Selection Committee shall be final, and no candidate shall be admitted to the examination unless he holds such a certificate:

Provided that in making their choice the Selection Committee shall give all possible consideration to the cases of candidates of backward classes and other minorities and shall call for further nominations from the heads of colleges or Commissioners of Divisions if the number of selected Muhammadan candidates does not reach 45 per cent. of the total number selected.

12. **Condition of eligibility.**—The indispensable qualifications of a candidate are—

(*a*) that he is a native of the province or has a permanent domicile within the province;

(*b*) that he is a natural born subject of His Majesty or of an India State;

(*c*) that he is more than 22 and less than 25 years of age on the 1st August of the year in which the examination is held;

(*d*) that he is a graduate;

(*e*) that he is of good character; and

(*f*) that he is of sound health, good physique, active habits and free from organic defect or bodily infirmity.

Along with his application a candidate shall submit proof of his age, and certificates from two responsible persons, unconnected with his College or University and not related to him, testifying to his private character. Such certificates must have been written not more than one year prior to the date of application.

13. **Particulars of candidates.**—The Selection Committee may require such further proof or particulars from the candidates as it may consider necessary, and may make enquiries regarding their character.

14. **Eligibility of Government servants.**—Unless especially excepted by Government by general or special order, candidates holding substantive appointments in Government service will be debarred from appearing at the examination. Whenever such exception is made, the candidate will be subject to selection by the Selection Committee as if he were duly nominated under rule 10 of these rules.

15. **Canvassing.**—Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for appointment. Spontaneous recommendations from persons interested in the candidates, or otherwise known to them, will be disregarded.

16. **Examination fee and time-table.**—Every candidate to whom a certificate of selection has been issued will, within a week from the date of its receipt, deposit in the nearest treasury a sum of Rs 50 as examination fee and forward the receipt for the same to the Secretary to the Selection Committee. No part of the fee will be returnable to a candidate. Delay in this respect may render candidate's name liable to removal from the list of examinees. On complying with this requirement the candidates will receive from the Secretary a time table for the examination.

17. **Syllabus of examination and marks.**—The examination will be held in the subjects and according to the syllabus shown in Schedule III which also indicates the numerical value to be attached to each paper at the examination.

As the possession of a knowledge of a provincial vernacular is an essential condition for appointment, candidates whose ordinary spoken and written language is not Bengali, must take up translation from English into one of the provincial vernaculars named below:—

(*i*) Bengali, (*iii*) Urdu,
(*ii*) Hindi, (*iv*) Nepali,

and *vice versa* in the compulsory paper. Successful candidates, however, who have offered any language other than Bengali in that paper and are appointed to a service for which there is a departmental examination will be required to pass completely the Departmental Examinations in Bengali within two years of the date of their appointment to the service.

18. **Medical examination.**—As soon as the result of the examination has been declared, successful candidates will be required to appear before a Medical Board for a certificate of their fitness for Government service in the form shown in Schedule IV. Regulations as to the physical examination are given in the schedule and intending candidates are advised before they apply under rule 6 for admission to the examination, to satisfy themselves that they are likely to qualify as physically fit under these regulations. For recent experience has shown that about one-third of the candidates who qualify at the competitive examination are subsequently rejected by the Medical Board as unfit.

Chief Secretary to the Government of Bengal.

The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The tape will be carefully gathered in during the process, and when the minimum measurement is reached it will be recorded The candidate will then be directed to inflate his chest to its utmost capacity. The maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and maximum will then be recorded. Form of medical certificate for candidates for appointment to the Bengal Civil Service (Executive), the Bengal Excise Service, the Bengal Junior Civil Service, the Income-tax Department, the Bengal Junior Excise Service and the Upper Division of the Secretariat Clerical Service.

The attention of the Medical Board is specially directed to the following :—

No person will be deemed qualified for admission to the service who shall not satisfy Government that he has no disease, constitutional affection or bodily infirmity, unfitting him, or likely to unfit him, for the service. It should be understood that the question of fitness involves the future as well as the present and that one of the main objects of medical examination is to secure continuous effective service, and in the case of candidates for permanent appointment to prevent early pension. It is at the same time to be noted that the question is one of the likelihood of continuous effective service, and that the rejection of a candidate need not be advised on account of the presence of a defect which in only a small proportion of cases is found to interfere with continuous effective service. Before filling up the form it should be ascertained from the candidate whether he has been previously pronounced unfit for Government service by any duly constituted medical authority in India or elsewhere.

No. 374T.R.—The 1st June 1927.—In exercise of the power conferred by section 29-A (2) of the Bengal Local Self-Government Act, 1885 (Bengal Act III of 1885), the Governor in Council is pleased to reappoint the Deputy Commissioner of Darjeeling to be the Chairman of the Darjeeling District Board with effect from the 8th May 1927.

No. 9740 E.A.—The 9th June 1927.—In exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council proposes to make rules governing the conditions on which the Commissioners of the Kurseong Municipality may allow communication-pipes to be laid down from the service-pipes of the Commissioners for the purpose of leading water to premises for domestic purposes. The following draft rules are published for the information of persons likely to be affected thereby.

2. The draft rules will be taken into consideration on the 15th July 1927, and any objection or suggestion which may be received by the undersigned through the Deputy Commissioner of Darjeeling before that date will be duly considered.

Draft Rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply they may allow any owner or occupier of a holding paying a water rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the annual value of such holding, when such annual value is not less than Rs. 120 at the time these rules are first applied to such holding to lay down communication-pipes from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions:—

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes, or requiring any addition or alteration to an existing water-supply must apply for the same on a printed form to be supplied free of cost at the Municipal office.

2. A fee as stated below must be paid to the Commissioners by such owner or occupier for each connection to a municipal main supply-pipe or a communication-pipe laid in accordance with rule 3 before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules:—

Value of holding.				Fees
Rs.				Rs.
120 to 600	...	...	...	20
601 to 1,200	...	...	...	40
1,201 to 2,000	...	.	...	60
2,001 and upwards	...	...	...	100

Provided that if the Commissioners direct that a holding already served by a common communication-pipe in a manner otherwise than in accordance with the proviso to rule 3 hereof shall have an independent connection to a municipal main supply-pipe, they shall allow such connection free of charge, but the owner or occupier must fix on each such connection any or all of the parts or fittings as provided for in rule 7, except a meter which shall be provided at the cost of the Municipal Commissioners as laid down in section 295 of Bengal Municipal Act unless the holding comes within the purview of rule 11 hereof.

3. Except as provided below, each holding must have a separate connection to the municipal main supply-pipe and extensions from the communication-pipe of one holding to another holding shall not be permitted:

Provided that with the consent of the Commissioners in meeting connections to two or more holdings may be permitted from a common communication pipe. Any such communication pipe must be laid in a street or common passage and a stop cock and meter as provided for in rule 7 must be fixed on the connection to each holding:

Provided also that no holding shall have more than one separate connection, but if in any case the Commissioners are satisfied that an adequate supply to any holding cannot be given through a single connection they may sanction additional connection thereto.

4. The owner or occupier of the holding in respect to which the connection is required must pay the entire cost of the connection, including the supply and fixing of the fittings referred to in rule 7 and must also pay the cost of such alterations in, or repairs to, roads, drains, sewers, water mains or pipes, and the cost of such other works, as may be necessitated by, or result from, the work of making such connection.

5. The owner or occupier of the holding to which a connection has been given must, at any time, on receipt of notice to do so from the Commissioners, pay the entire cost of any repairs or alterations to the connection or any part thereof that the Commissioners may consider necessary to put it into a satisfactory condition or which may be necessitated by any change in the municipal waterworks or system of distribution or by the defective condition of the connection or part thereof or by any other cause whatever.

6. (*1*) The works required under rules 4 and 5 may, at the option of the Commissioner, either be carried out by the Commissioners themselves at the expense of the owner or occupier of the holding in respect of which the works are required or may be carried out by a person or firm employed by such owner or occupier and approved by the Commissioners.

(*2*) No work shall be carried out under sub-rule (*1*) except under the supervision of a Municipal officer.

(*3*) When the works required by rules 4 and 5 are carried out by the Commissioners the cost must be deposited before such works are commenced and the owner or occupier on whose behalf the works are done will be responsible for any damage or repairs to or stoppage of the pipes after the same have been handed over by the Commissioners.

7. A holding connection shall comprise the following parts or fittings:—

(*a*) A brass or gunmetal ferrule inserted in the main supply pipe.

(*b*) A galvanised iron communication pipe from the ferrule to the meter.

(*c*) A stop-cock and its surface box.

(*d*) A meter for all new connections.

(*e*) Service pipes from the stop-cock to the taps

(*f*) Taps: and

(*g*) A long screw with backnuts fixed immediately beyond the stop-cock or meter pit on the house side to enable rapairs to be made without disturbing the Municipal fittings.

8. (*1*) All the fittings referred to in rule 7 shall be exact duplicates of standard sample kept in the office of the Commissioners and approved by them in meeting.

(*2*) All fittings shall be inspected and tested and stamped by an officer of the Municipality before being fixed.

(*3*) If any owner or occupier shall desire to instal baths or lavatory fittings provided with water fittings or any other fittings not covered by the schedule of approved fittings he must present such fittings for the approval of the Chairman and any fittings so presented, if considered necessary, may be stamped and samples thereot may be purchased and placed among the standard fittings.

9. The holding connection, when fitted in position, must be capable of standing a pressure of 300 feet and no water shall be supplied until it has stood such a test applied by the Commissioners.

10. The size of the ferrule and the diameter of the communication-pipe referred to in clauses (*a*) and (*b*) of rule 7 and the number of taps shall be fixed in accordance with the annual valuation of the holdings as follows:—

Annual valuation of holding	Size of ferrule.	Diameter of communication pipes.	Number of taps.
	Inch.	Inch.	
From Rs. 120 to Rs. 600	$\frac{3}{8}$	$\frac{1}{2}$	2
" " 601 to " 1,200	$\frac{1}{2}$	$\frac{3}{4}$	4
" " 1,201 to " 2,000	$\frac{3}{4}$	1	6
" " 2,001 and upwards	By special arrangements.		

11. If at any time it is found that the number of taps in any connected holding is in excess of the number permitted at the time when the original connection to the holding was allowed by the Commissioners without being metered, the Commissioners may provide and fix a meter on the connection and recover the cost of so doing from the owner or occupier:

Provided that if a municipal meter, when available, is fixed under this rule the rent therefor shall be charged monthly according to the following scale:—

	Rs.	A.
(*a*) For every half-inch meter	0	8
(*b*) For every one-inch meter	1	0
(*c*) For every additional half-inch or a faction thereof ...	0	8

12. (*1*) On every communication pipe a brass gunmetal stop-cock having the same water-way as such pipe shall be placed as near as practicable to the point where the pipe enters the holding to be supplied.

(*2*) The stop-cock shall be built in a brick, stone or concrete chamber provided with a cast iron surface covered box so designed that it can be locked, and the key of this box shall remain under the control of the Chairman.

(*3*) The stop-cock shall be capable of adjustment so that the supply to the holding may be regulated thereby.

13. (*1*) The meter shall be placed as near as the stop-cock as possible and in a position where it can be conveniently examined.

(*2*) The meter must be fixed in a brick, stone or concrete chamber covered over with a cast iron surface box of approved pattern.

14. The Commissioners shall depute an authorized person to read every meter not less than once a month.

15. (1) Every owner or occupier of any holding, in respect of which a connection has been made, under these rules, shall be entitled to supply of—

(a) 4,000 gallons of water per quarter for each rupee of water rate paid in respect of such holding.

(b) A further proportionate number of gallons per quarter for every additional fraction of rupee, paid by him quarterly as water-rate in respect of such holding.

(2) For all water in excess of the amount allowed under sub-rule (1) such owner or occupier shall be charged monthly as follows:—

	Annas per 1,000 gallons Rs. A. P.
(a) For any excess quantity of water not exceeding one-half of the amount of the allowance prescribed in sub-rule (1)	0 6 0

(c) For any excess quantity of water exceeding the full amount of allowance prescribed in sub-rule (1), but not exceeding twice the amount	1 0 0
(d) For any excess quantity of water exceeding twice the amount of the allowance prescribed in sub-rule (i)	1 8 0

16. The Commissioners may cut off the connection between any waterworks of the municipality and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, viz:—

(a) If the holding is unoccupied;

(b) If the occupier refuses to admit any officer duly empowered in that behalf into the holding for the purpose of making any examination or inspection authorized under this Act, or under any bye-law or rule framed under this Act, or prevent such officer from making such examination or inspection;

(c) If the owner or occupier of the holding touches or interferes with his meter in any way, except with the permission of the Chairman or wilfully or negligently injures or damages it;

(d) If the owner or occupier of the holding wilfully or negligently permits waste of water in such volume as will, in the opinion of the Chairman, endanger the water-supply in the neighbourhood;

(e) If the owner or occupier of the holding shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of fourteen days after he has been served with a notice of demand for the same;

(f) If the owner or occupier of the holding constructs or fixes any cisterns, tanks, reservior, taps, pipes, or any other works in connection with the water-supply not authorised by these rules;

(g) If the pipes, taps, ball-cocks, cisterns or any other parts of the connection are, in the opinion of the Commissioners, in leaking condition or in a state of disrepair;

(h) For every instance of non-compliance with municipal requirements as may be specified in a notice in writing served on the owner or occupier of a holding;

(i) For a breach of any of these rules;

Provided that such disconnection or turning off of water-supply shall not relieve any person from any liabilities which he may have incurred under these rules.

In the circumstances contemplated in clause (d), an officer authorised by the Commissioners in this behalf by a general order shall have the power to turn off the supply for a period not exceeding eight hours on his previously recording his reason in writing.

17. Every tap shall be of the same size as the pipe to which it is attached and shall be of brass and of the pattern known as "screw-down high pressure". Every tap shall be at least 2 feet and not more than 2 feet 6 inches above the surface of the ground beneath.

18. No cistern, tank or reservoir of any description which is intended to be supplied with water from the municipal waterworks shall be permitted to any holding, except with the sanction of the Commissioners in meeting, and such sanction shall distinctly specify the dimensions and capacity of the cistern, tank or reservoir allowed. The inlet to every cistern tank or reservoir must be controlled by an efficient ball-cock so that the discharge thereunto is completely stopped when the cistern, tank or reservoir is full. Any taps fed from such cistern, tank or reservoir must be included in the number of taps allowed under rule 10.

19. No connection shall be permitted to any holding unless and until the owner or occupier makes effective provision to the satisfaction of the Commissioners for draining all waste water away.

DEPARTMENT OF AGRICULTURE, BENGAL.

Monthly Weather and Crop Report of Bengal for May 1927.

I. **Character of the season.**—During the month the rainfall was general throughout the province. Precipitation was above the average in eleven districts and below normal elsewhere. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Sowings of jute and autumn paddy, and preparation of fields for transplanted winter rice continued in West and North Bengal. During the first part of the month weeding of autumn crops was somewhat hampered by excessive rain in the low-land tracts of East Bengal but later these operations progressed favourably.

III. **State of standing crops.**—The condition of jute, paddy and other autumn crops was generally satisfactory.

IV. **Prospects and probable outturn.**—The out look of standing crops including deep-water paddy was generally promising.

V. **Damage to standing crops.**—No appreciable damage was reported from any part of the province.

VI. **Condition of agricultural stock.**—The condition of agricultural stock was, on the whole, fair. Sporadic cases of cattle-disease were, however, reported from seven districts.

VII. **Failure of pasturage and fodder.**—Insufficiency of fodder or pasturage has not been reported from any of the districts.

VIII. **Prices of food-grains.**—During the second fortnight of the month the price of common rice of the cheapest quality fell in five districts, rose in seven and remained stationary in the rest of the province. The price ranged from 5⅛ seers per rupee in Calcutta to 6⅞ seers per rupee in Midnapore.

IX. **Condition of agricultural population.**—The condition of agricultural population continued to be fair

Such register shall be open to inspection at the Municipal Office by any resident of the municipality at any time between 11 A.M. and 5 P.M., Sundays and holidays excepted.

4. Not less than 90 days before the date fixed for any general election, the Chairman shall publish the register, as revised by him under rule 3 at the Municipal Office and at such other places as he may think fit, or as the Commissioners in meeting may direct.

(2) Not less than 26 days before the day fixed for the election, the Chairman shall publish a notice in Form D at the Municipal Office, fixing the date on which the nomination papers shall be scrutinized by him, such date being not less than 21 days before the date fixed for the election.

14-A. Any candidate may withdraw his candidature by notice in writing subscribed by him to be sent to the Chairman within seven days of the date of publication of a list of candidates under rule 14 (3). A candidate who has withdrawn his candidature shall not be allowed to cancel the withdrawal or to be renominated as a candidate for the same election.

14-B. The Chairman shall, on receiving a notice of withdrawal under rule 14-A, as soon as may be, cause a notice of withdrawal to be affixed in some conspicuous place in the Municipal Office.

The Magistrate shall make such order as to the insertion or omission of the name as appears to him to be just, and shall forward a copy of his order to the Chairman so as to reach him not less than 12 days before the date of the election; and the Chairman shall, upon receipt of the order, give effect to the same and such order shall be final.

16. The Chairman shall, not less than 10 days before the date of the election, publish a revised list of candidates in the same manner as the original list, containing all the alterations and amendments made in such original list by the order of the Magistrate under rule 15 and by the withdrawal of candidates under rule 14-A. The revised list thus published shall be the final list of candidates for the election.

Conduct of Elections.

17. The elections and bye-elections shall be held on such dates as may be fixed by the Commissioner of the Division, and notified by him in the *Calcutta Gazette*.

18. When the number of candidates for election is not greater than the number of vacancies, such candidates shall be deemed to be elected. If the number of candidates exceeds the number of vacancies, a poll shall be held:

Provided that if subsequent withdrawals of candidature at any stage of the election show that the number of vacancies is equal to, or greater than, the number of remaining candidates, the poll notified under rule 19 shall be stopped and the remaining candidates shall be deemed to be elected.

19. (1) The poll shall be held at such time and at such place or places as the Commissioners in meeting, or with their approval the Chairman, may determine; and the place or places at which, and the hours between which, the votes will be recorded shall be notified by beat of drum, and by the publication of notices at the same time as the list of candidates is published under rule 16.

(2) With the object of safeguarding the secrecy of the ballot and of preventing undue crowding, the Chairman shall divide each polling booth into two rooms or compartments, hereafter called the inner and outer compartments. Votes shall be recorded in the inner compartment.

20. After the second hour mentioned in the notice referred to in rule 19 no elector shall be admitted within the building or enclosure within which the election proceedings are being held, but the votes of all duly-registered voters who are already within the building or enclosure shall be recorded.

21. Each voter shall be entitled to give as many votes as there are vacancies. He may give all or any number of votes to which he is entitled to any one candidate.

22. The Commissioners at a meeting shall appoint a polling officer, who is neither himself a candidate for election nor the agent of a candidate, to preside at the election at each polling centre. When the number of voters, is large, the Commissioners at a meeting, or with their approval the Chairman, may provide more than one polling centre; and in that case the Commissioners at a meeting shall appoint a polling officer for each such centre and shall cause a notice to be published showing the names and the serial numbers, as given in the voters' register, of persons whose votes will be recorded at any specified polling centre. If the polling officer for any reason fail to attend, the Chairman shall appoint another fit and proper person, who is not himself a candidate, or the agent of a candidate, for election, to take his place. The polling officer shall be assisted by a committee, hereafter referred to as the election committee, consisting of not less than three and not more than five rate-payers nominated by the Commissioners at a meeting and not themselves candidates or agents of candidates for election. If any member of such committee fail to attend, his place may be taken by another rate-payer, not being himself a candidate for election, or the agent of a candidate, selected by the polling officer.

23. On the morning of the election day the polling officer shall be supplied with a sealed ballot box provided with an aperture for receipt of voting papers, a copy of Register A, and a bound book or books of voting papers serially numbered in foil and counterfoil, one voting paper for each voter entered in Register A.

24. The voting paper shall be printed in English, or both in English and Bengali, in Form E annexed to these rules. The names of candidates in English shall be in alphabetical order. When the voting paper is printed in both the languages the name of a candidate in Bengali shall be printed below that in English in each case.

25. (1) On the day of the election the polling officer shall admit to the outer compartement the candidates and such agents as may be selected by the candidates, to assist in the identification of voters, provided that there shall be present at one time, in addition to the candidates, not more than one agent of each candidate.

(2) Only voters, members of the election committee and such other persons (if any) as the polling officer may by special directions admit, shall be allowed to enter the inner compartment.

(3) No candidate, nor the agent of any candidate, shall be admitted into the inner compartment.

(4) The polling officer shall regulate the number of voters to be admitted at any one time into either the inner or outer compartment.

26. The candidates and their agents shall not speak to or address any intending voter in the polling booth, but may submit to the polling officer objections to a voter on any of the following four grounds:—

(1) That his name is not on the list of voters of the municipality in respect of which the election is being held.

(2) That his claim to be a certain voter shown on the list of voters is false.

(3) That he has already voted.

(4) (Where there is more than one polling centre) that under rule 22 he is not entitled to record his vote at the polling centre, in respect of which the objection is raised.

27. The procedure for recording each voter's vote shall be as follows:—

(*i*) There shall be no voting by proxy.

(*ii*) As each intending voter enters the outer compartment, his name and his number in the voters' register shall be called out, so that everybody present can hear them.

(*iii*) No objection to a voter shall be entertained except on the grounds mentioned in rule 26.

(*iv*) Such objection shall be summarily decided by the polling officer, who may for this purpose obtain such evidence as may be available on the spot.

(*v*) If after taking such evidence the polling officer is satisfied that the voter is entitled to vote, he shall hand him the foil of a voting paper and allow him to proceed to vote.

(*vi*) The number of the voter in the voters' register shall be marked on the counterfoil of the voting paper.

(*vii*) The voter on receiving the voting paper shall forthwith be directed by the polling officer or other person (not being a candidate or his agent), deputed by the polling officer for this purpose, to the place set apart for the purpose within the inner compartment and shall there mark a cross for each vote that he gives against the name of the candidate or candidates for whom he intends to vote. He shall then fold the voting paper so as to conceal his vote and shall put the voting paper, so folded up, into the ballot-box. He shall vote without undue delay, and shall quit the polling station as soon as he has put the voting paper into the ballot-box.

(*viii*) If the voter is unable to read the voting paper, or to make a cross thereon, the polling officer shall mark the vote on the voting paper according to the direction of the voter. The voter shall then put the voting paper folded up into the ballot-box.

28. It shall be the duty of the polling officer and the election committee to see that votes are recorded with the utmost secrecy, that the number on the voting paper handed over to a voter is not divulged to any candidate or his agent, that only such persons as may be admitted to either compartment under these rules are admitted thereto, and that persons, who have recorded their votes, or against whom objections have been heard and allowed, leave immediately. It shall also be their duty to see that these rules and any special directions given by the polling officer thereunder are strictly observed.

29. (1) On the conclusion of the poll the ballot-box shall be opened and the votes scrutinized and counted in the presence of the candidates or their agents by the polling officer with the assistance of the election committee, and the polling officer shall then and there, subject to the provisions of rules 30 and 31, declare the result of the election and report accordingly to the Chairman, if he is not himself the Chairman.

(2) Where there are more polling centres than one, the polling officers shall, on conclusion of the poll, send their ballot-boxes locked and sealed with the municipal seal, together with the books and counterfoils and unused foils of voting papers properly sealed up, to the polling officer of one of the municipal centres nominated by the Chairman in this behalf as chief polling officer of the municipality. The chief polling officer of the municipality shall forthwith proceed to open the ballot-boxes, scrutinize and count the votes and shall declare the result of the election and submit the report in the manner prescribed in sub-rule (1).

30. Any voting paper which is not duly marked, or on which more crosses are placed than there are vacancies, or on which a cross (or mark) is placed in such manner as to make it doubtful to which candidate the vote has been given, or on which any mark is made by which the voter may afterwards be identified, shall be invalid.

31. If there be an equality of votes for the same vacancy, and if the number of vacancies does not admit of all the candidates who have obtained an equality of votes being elected, the selection of one of the candidates shall be made by lot to be drawn by the polling officer in such manner as he may determine.

32. When the voting papers have been scrutinized and counted, the polling officer or the chief polling officer, as the case may be, shall forthwith replace them in the ballot-box from which they were taken. He shall also seal up the books of counterfoils and unused foils of voting papers. If he is not himself the Chairman, he shall make them over with the ballot-box to the Chairman to be kept in safe custody until the books and the voting papers are destroyed under rule 33

33. On the expiry of 30 days from the date of the declaration of the result of the election, the voting papers in the ballot-box and the sealed books containing unused voting papers and counterfoils in the Chairman's custody, shall be destroyed in the presence of such Municipal Commissioner or officer as the Commissioners at a meeting may appoint for this purpose.

34. The list of duly returned candidates for the whole municipality shall be forwarded by the Chairman through the District Magistrate to the Commissioner of the Division for publication by him in the *Calcutta Gazette*.

35. When a Municipal Commissioner is after election found to be disqualified under section 57 of the Act, a by-election shall be held to fill his place.

36. If, in any case, such a course appears to the local Government to be necessary, it may direct that the Magistrate shall perform all or any of the duties assigned by the foregoing rules to the Chairman or the Commissioners in meeting.

General.

37. All disputes arising under these rules shall be decided by the Magistrate, and his decision shall be final. If he finds any material irregularity prejudicing the election he may declare the election void and order a fresh election.

Note.—The offence of personation, of undue influence and of bribery at an election is punishable under sections 171E and 171F of the Indian Penal Code, 1860, as amended by the Indian Elections Offences and Inquiries Act, 1920 (XXXIX of 1920).

38. No person in the employment or pay of the municipality shall, directly or indirectly, engage in canvassing for votes, or otherwise assist in the election of any candidate, otherwise than by giving his own vote. Any breach of this rule will render him liable to dismissal.

39. All costs incurred in the preparation of the register of voters, the publication of notices, the holding of elections, or taking any other necessary action under these rules, shall be payable by the Commissioners out of the municipal fund.

(2) Intending candidates, as well as voters, who intend to contest applications made under rule 6 or rule 7, shall, on application to the Chairman, be granted permission to inspect such applications.

9. The Chairman shall, not less than 40 days before the date of election, send a letter to every incorporated company or any other body entitled to vote, requesting it to fill in a form, which shall accompany such letter, with the name of the person authorized to vote on behalf of such Corporation, and to return the same within seven days. Upon receipt of the form, the Chairman shall cause the name stated therein to be entered in the register revised under rule 11, and the person whose name is thus entered shall be deemed to be duly authorized to vote on behalf of the said Corporation.

10. Every application for the revision of the register under rule 6 or rule 7 shall be considered and decided by the Chairman:

Provided that if the Chairman is a candidate for election, or if the functions of the Chairman are discharged under rule 38 by the Vice-Chairman and he is a candidate for election, every application for the revision of the register for the ward for which the Chairman or the Vice-Chairman is a candidate shall be considered and decided by a Magistrate deputed for that purpose by the District Magistrate.

11. (1) Any person who is dissatisfied with an order of the Chairman passed on any application made under rule 6 or 7 or on whose application the Chairman has failed to pass an order within the period prescribed in rule 8, may, within eight days from the date of the Chairman's order or in case the Chairman has failed to pass an order within 25 days from the date of presentation of the application, apply to the Magistrate in writing for an order to have his name inserted in or a name omitted from the register of voters. The Magistrate shall, after enquiry, make such order as to the insertion or omission of the name as appears to him to be just, and shall forward a copy of his order to the Chairman so as to reach him not less than 32 days before the date of the election; and the Chairman shall, upon receipt of the order, give effect to the same and such order shall be final.

(2) Any person who has not received a form under rule 9 may also apply to the Magistrate in writing not less than 39 days before the date of election for an order upon the Chairman for the supply of such form, and the Chairman shall upon receipt of the order give effect to the same and such order shall be final.

12. The Chairman shall, not less than 30 days before the date of the election, publish a revised register in the same manner as the original register containing all the alterations or amendments made in such original register by his order or by the order of the Magistrate. The register thus published shall be deemed to be the final register of persons entitled to vote at a general election.

13. (1) This register shall also remain valid for all by-elections:

Provided that, for the purposes of a by-election, any person whose name is not in the register may, at any time, apply to the Chairman to enter his name therein, and rules 10 and 11 shall be held applicable, as far as possible to such claim; and if any such application is made not less than 30 days before a by-election, it shall be decided in time for such by-election, but not otherwise.

(2) It shall not be necessary to publish the register or extracts from the register on the occasion of by-elections, provided that the register shall at all times be open to inspection by rate-payers at the Municipal Office, and that all persons whose claims have been admitted under the preceding rules shall be entitled to vote at such elections.

Qualification of Candidates.

14. Any person qualified to vote under these rules, and not disqualified under section 57 of the Act, shall be qualified to be elected a Commissioner.

15. (1) Every person who is a candidate for election shall send his name to the Chairman in writing in Form C, with the necessary particulars filled up in columns 2, 3, 4 and 5, not less than 28 days before the day fixed for the election, supported by the signatures in columns 6, 7 and 8 respectively, of one elector in each ward in which he proposes to stand, who proposes, and of one such elector who seconds his nomination, and of eight electors in each such ward who support his nomination.

(2) Not less than 26 days before the day fixed for the election, the Chairman shall publish a notice in Form D at the Municipal Office, fixing the date on which the nomination papers shall be scrutinized by him, such date being not less than 21 days before the date fixed for the election.

(3) The Chairman shall, not less than 20 days before the date fixed for the election, publish a list of candidates whose nomination papers have been found valid.

15A. Any candidate may withdraw his candidature by notice in writing subscribed by him within seven days of the date of publication of a list of candidates under rule 15 (3). A candidate who has withdrawn his candidature shall not be allowed to cancel the withdrawal or to be renominated as a candidate for the same election.

15B. The Chairman shall, on receiving a notice of withdrawal under rule 15A, as soon as may be, cause a notice of withdrawal to be affixed in some conspicuous place in the Municipal Office and the ward to which the matter relates.

16. Any person who applied under rule 15 and whose name is not published in the list of candidates, or who disputes the claim of any other candidate to be on the list published by the Chairman under rule 15, may apply to the Magistrate in writing within two days of the date of publication of the list of candidates for an order to have his name included in or any name omitted from the list. The Magistrate shall make such order as to the insertion or omission of the name as appears to him to be just, and shall forward a copy of his order to the Chairman so as to reach him not less than 12 days before the date of the election; and the Chairman shall, upon receipt of the order, give effect to the same, and such order shall be final.

17. The Chairman shall, not less than 10 days before the date of the election, publish a revised list of candidates in the same manner as the original list, containing all the alterations and amendments made in such original list by the order of the Magistrate under rule 16 and by the withdrawals of candidature under rule 15A. The revised list thus published shall be the final list of candidates for the election.

Conduct of Elections.

18. The elections and by-elections shall be held on such dates as may be fixed by the Commissioner of the Division, and notified by him in the *Calcutta Gazette.*

19. When the number of candidates for election in any ward of the municipality, is not greater than the number of vacancies such candidates shall be deemed to be elected. If the number of candidates exceeds the number of vacancies, a poll shall be held:

Provided that if subsequent withdrawals of candidature at any stage of the election show that the number of vacancies is equal to, or greater than, the number of remaining candidates, the poll notified under rule 20 shall be stopped and the remaining candidates shall be deemed to be elected.

20. The poll shall be held at such time and at such place or places as the Commissioners in meeting, or with their approval the Chairman, may determine; and the place or places at which, and the hours between which, the votes will be recorded shall be notified by beat of drum, and by the publication of notices at the same time as the list of candidates is published under rule 17.

21. After the second hour mentioned in the notice referred to in rule 20 no elector shall be admitted within the building or enclosure within which the election proceedings are being held, but the votes of all duly-registered voters who are already within the building or enclosure shall be recorded.

22. Each voter shall be entitled to vote for the ward in which he ordinarily resides, and for no other, and to give as many votes as there are vacancies for such ward:

Provided that he may give all or any number of the votes to which he is entitled to any one candidate

23. The Commissioners at a meeting shall appoint a polling officer, who is neither himself a candidate for election nor the agent of a candidate, to preside at the election for each ward, at each polling centre. When the number of voters in any ward is large the Commissioners at a meeting, or with their approval the Chairman, may provide more than one polling centre for such ward; and in that case the Commissioners at a meeting shall appoint a polling officer for each such centre and shall cause a notice to be published showing the names and the serial numbers as given in the voters' register of persons whose votes will be recorded at any specified polling centre in the ward. If the polling officer for any reason fail to attend, the Chairman shall appoint another fit and proper person, who is not himself a candidate, or the agent of a candidate, for election, to take his place. The polling officer shall be assisted by a committee, hereafter referred to as the election committee, consisting of not less than three and not more than five rate-payers of the ward, nominated by the Commissioners at a meeting and not themselves candidates or agents of candidates for election. If any member of such committee fail to attend, his place may be taken by another rate-payer, not being himself a candidate for election or the agent of a candidate selected by the polling officer.

24. On the morning of the election day the polling officer shall be supplied with a sealed ballot box provided with an aperture for receipt of voting papers, a copy of Register A, and a bound book or books of voting papers serially numbered in foil and counterfoil, one voting paper for each voter entered in Register A.

25. The voting paper shall be printed in English, or both in English and Hindi, in Form E annexed to these rules. The names of candidates in English shall be in alphabetical order. When the voting paper is printed in both the languages the name of a candidate in Hindi shall be printed below that in English in each case.

26. (1) On the day of the election the polling officer shall admit to the polling booth the candidates and such agents as may be selected by the candidates, to assist in the identification of voters, provided that there shall be present at one time, in addition to the candidates, not more than one agent of each candidate.

(2) Only voters, members of the election committee and such other persons (if any) as the polling officer may by special directions admit, shall be allowed to enter the polling booth.

(3) The polling officer shall regulate the number of voters to be admitted at any one time into the polling booth.

27. The candidates and their agents shall not speak to or address any intending voter in the polling booth, but may submit to the polling officer objections to a voter on any of the following four grounds:—

(1) That his name is not on the list of voters of the ward in respect of which the election is being held.

(2) That his claim to be a certain voter shown on the list of voters is false.

(3) That he has already voted.

(4) (Where there is more than one polling centre in a ward) that under rule 23 he is not entitled to record his vote at the polling centre, in respect of which the objection is raised.

28. The procedure for recording each voter's vote shall be as follows:—

(*i*) There shall be no voting by proxy.

(*ii*) As each intending voter enters the polling booth, his name and his number in the voters' register shall be called out, so that everybody present can hear them.

(*iii*) No objection to a voter shall be entertained except on the grounds mentioned in rule 27.

(*iv*) Such objection shall be summarily decided by the polling officer, who may for this purpose obtain such evidence as may be available on the spot.

(*v*) If after taking such evidence the polling officer is satisfied that the voter is entitled to vote, he shall hand him the foil of a voting paper and allow him to proceed to vote.

(*vi*) The number of the voter in the voters' register shall be marked on the counterfoil of the voting paper.

(*vii*) The voter on receiving the voting paper shall forthwith be directed by the polling officer or other person (not being a candidate or his agent), deputed by the polling officer for this purpose, to the place set apart for the purpose within the polling booth and shall there mark a cross for each vote that he gives against the name of the candidate or candidates for whom he intends to vote. He shall then fold the voting paper so as to conceal his vote and shall put the voting paper, so folded up, into the ballot box. He shall vote without undue delay, and shall quit the polling station as soon as he has put the voting paper into the ballot box.

(*viii*) If the voter is unable to read the voting paper, or to make a cross thereon, the polling officer shall mark the vote on the voting paper according to the direction of the voter. The voter shall then put the voting paper folded up into the ballot box.

29. It shall be the duty of the polling officer and the election committee to see that votes are recorded with the utmost secrecy, that the number on the voting paper handed over to a voter is not divulged to any candidate or his agent, that only such persons as may be admitted to the polling booth under these rules are admitted thereto, and that persons who have recorded their votes, or against whom objections have been heard and allowed, leave immediately. It shall also be their duty to see that these rules and any special directions given by the polling officer thereunder are strictly observed.

30. (1) On the conclusion of the poll the ballot box shall be opened and the votes scrutinized and counted in the presence of the candidates or their agents by the polling officer with the assistance of the election committee, and the polling officer shall then and there, subject to the provisions of rules 31 and 32, declare the result of the election and report accordingly to the Chairman, if he is not himself the Chairman.

(2) Where there are more polling centres than one in a ward the polling officers shall, on conclusion of the poll, send their ballot boxes locked and sealed with the municipal seal together with the books and counterfoils and unused foils of voting papers properly sealed up, to the polling officer of one of the wards or municipal centres nominated by the Chairman in this behalf as chief polling officer of the ward. The chief polling officer of the ward shall forthwith proceed to open the ballot boxes, scrutinize and count the votes and shall declare the result of the election and submit the report in the manner prescribed in sub-rule (1).

31. Any voting paper which is not duly marked, or on which more crosses are placed than there are vacancies, or on which a cross (or mark) is placed in such manner as to make it doubtful to which candidate the vote has been given, or on which any mark is made by which the voter may afterwards be identified, shall be invalid.

32. If there be an equality of votes for the same vacancy, and if the number of vacancies does not admit of all the candidates who have obtained an equality of votes being elected, the selection of one of the candidates shall be made by lot to be drawn by the polling officer in such manner as he may determine.

33. In the event of any candidate being elected for more than one ward, he shall, within five days from the date of the election, declare which ward he will represent; and if he fail to make such declaration, the Chairman shall forthwith declare the ward which such candidate shall represent and in either case such candidate shall be held to be elected in the ward in respect of which either of such declaration has been made, and in every other ward, in which the said candidate has been returned, the result of the election shall be determined as if no votes had been recorded for him:

Provided that, if there is no other candidate for whom votes have been recorded to fill the vacancy thus caused, a fresh election shall be held.

34. When the voting papers have been scrutinized and counted, the polling officer or the chief polling officer, as the case may be, shall forthwith replace them in the ballot box from which they were taken. He shall also seal up the books of counterfoils and unused foils of voting papers. If he is not himself the Chairman, he shall make them over with the ballot box to the Chairman to be kept in safe custody until the books and the voting papers are destroyed under rule 35.

35. On the expiry of 30 days from the date of the declaration of the result of the election, the voting papers in the ballot box and the sealed books containing unused voting papers and counterfoils in the Chairman's custody, shall be destroyed in the presence of such Municipal Commissioner or officer as the Commissioners at a meeting may appoint for this purpose.

36. The list of duly returned candidates for the whole municipality shall be forwarded by the Chairman through the District Magistrate to the Commissioner of the Division for publication by him in the *Calcutta Gazette*.

37. When a Municipal Commissioner is after election found to be disqualified under section 57 of the Act, a by-election shall be held to fill his place.

38. In municipalities where the Magistrate is the Chairman, the duties assigned to the Chairman in the foregoing rules shall be discharged by the Vice-Chairman.

39. If, in any case, such a course appears to the Local Government to be necessary, it may direct that the Magistrate shall perform all or any of the duties assigned by the foregoing rules to the Chairman or the Commissioners in meeting.

General.

40. All disputes arising under these rules shall be decided by the Magistrate, and his decision shall be final. If he finds any material irregularity prejudicing the election he may declare the election void and order a fresh election.

Note.—The offence of personation, of undue influence and of bribery at an election is punishable under sections 171E and 171F of the Indian Penal Code 1860, as amended by the Indian Elections Offences and Inquiries Act 1920 (XXXIX of 1920).

41. No person in the employment or pay of the municipality shall, directly or indirectly, engage in canvassing for votes, or otherwise assist in the election of any candidate, otherwise than by giving his own vote. Any breach of this rule will render him liable to dismissal.

42. All costs incurred in the preparation of the register of voters, the publication of notices, the holding of elections, or taking any other necessary action under these rules, shall be payable by the Commissioners out of the municipal fund.

MAINAMATI SURVEY SCHOOL.

(Survey School Post-office, district Tippera.)

Admission Rules (Provisional).

THE Mainamati Survey School is a Government Institution under the administrative control of the Director of Industries, Bengal. It is situated on the Mainamati Hills, 4 miles from the Comilla railway station in the Tippera district.

2. The Principal is charged with the general control of the school and the maintenance of discipline.

3. The full course of instruction extends over two years: either the full course may be taken, or the first year's course only. At present the session for the first year's course begins from the 1st August, terminating in July of the following year.

4 The session for the second year's course commences on the reopening day after the Durga Puja holidays.

5. It is a residential institution, and the students are required to reside in the school premises and must conform to the rules sanctioned by Government. Students may live with their parents or with approved guardians with the special permission of the Principal. The messing charges for Hindu students average about Rs. 11 per month. The Muhammadan students make their own messing arrangements, but they are awarded boarding stipends according to the following scale:—

Number of students	Value of each stipends
	Rs.
1	... 6 per mensem.
2	... 5 " "
3—4	... 4 " "
5—8	... 3 " "

6. The qualifications for admission to the first year's course are—

(*a*) A sound knowledge of elementary arithmetic.
(*b*) Ability to write simple English and vernacular.
(*c*) Fitness for arduous field-work.
(*d*) A certificate of character from the head of the institution where he was last educated.

NOTE.—Preference is given to those who have passed the Matriculation Examination or received higher education

7. The maximum age of the candidates for admission to the first year's course should be under 21 years on the 1st January of the year of admission, but an exception to this rule may be made in special cases.

8. Application for admission into the first year's course must be accompanied by a registration and examination fee of Rs. 3 and should reach the Principal's office on or before the 30th June. The registration and examination fee shall, in no case, be refunded.

9. On passing the final examination of the first year course the candidates are awarded the Amin Certificate of the Survey Education Advisory Board, Bengal; on passing the final examination of the second year course the Survey Final Certificate of the Board is awarded. Candidates holding the Amin Certificate and possessing a fair knowledge of English are eligible for admission to the second year class.

10. All payments, whether on account of tuition fees, boarding and lodging, must be made at the Principal's office on or before the 15th of each month. After that date no payment shall be taken, unless accompanied by a fine of Re. 1 for every three days' delay. If the payment is not made during the month for which it is due, the defaulting student's name shall be struck off the school roll, and he will not be re-admitted until he has paid all arrears, together with any fines which may be due from him, and a re-admission fee of Rs. 5.

13. The school remains closed on the executive holidays granted by Government.

14. Leave for short periods not ordinarily exceeding ten days in a year may be granted to students by the Principal in special cases. Students present at the school but unable to do any work on medical ground are excused from attending the class on the recommendation of the resident medical officer, but frequent leave on petty excuses may render a student medically unfit for the course and his name may be struck off the roll.

15. The admission fees are as follows :—

	Rs.
Admission to school	2
Ditto hostel	2 (Hindu students only).
Ditto athletic club	1

16. Every student shall pay a caution-money deposit of Rs. 5. This sum will be refunded to the student when he finally leaves the school, after deducting any charges for loss or damage done to school or hostel property or non-payment of any dues.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 15th June 1927.

Summary.—During the week light and scattered showers were almost general excepting in some North Bengal districts where the fall was heavy. More rain is needed for preparatory tillage for winter rice and for the development of standing crops on high lands. Winter paddy seedlings are being reared in seed-beds. Reaping of jute on low land has commenced on a small scale in some Eastern Bengal districts. The average price of common rice for the Province has risen by about 1·64 per cent. as compared with that of the previous week.

RESOLUTION ON THE ANNUAL ADMINISTRATION REPORT OF THE DEPARTMENT OF INDUTRIES, BENGAL, FOR THE YEAR 1926.

GOVERNMENT OF BENGAL.

DEPARTMENT OF AGRICULTURE AND INDUSTRIES.

Industries.

DARJEELING, THE 13TH JUNE 1927.

RESOLUTION—No. 303 T.-A.I.

Minister-in-charge : The Hon'ble Hadji Mr. A. K. Abu Ahmed Khan Ghuznavi.

READ—

Annual Administration Report of the Department of Industries, Bengal, for the year 1926.

Dr. D. B. Meek held charge of the department up to 24th April 1926 and Mr. G. P. Hogg, I.C.S., from that date till the end of the year. Mr. Hogg also officiated as Secretary to Government in the Department of Agriculture and Industries in addition to his duties as Director of Industries for the period 24th April to 20th July 1926.

Mr. A. T. Weston, Deputy Director of Industries, went on seven months' leave from 26th August 1926, and Mr. Hogg carried on the duties of that office in addition to his own during Mr. Weston's absence. Dr. R. L. Dutt, Industrial Chemist, Mr. A. N. Sen, Inspector of Technical and Industrial Institutions, and Mr. S. C. Mitter, Industrial Engineer, held charge of their duties throughout the year.

2. With the headquarters staff brought up to full strength and with the completion of the Industrial Research Laboratory, which, as the Director of Industries remarks, has been the most important event of the year, the department is in a position to make full use of its opportunities and, it is hoped, should be on the threshold of a period of increased and useful activity. That it has perhaps little outward achievement to show for the five years of its existence is no ground for depreciating a young department. With the experience of these five years behind it and its increased resources in men and material, the Department of Industries will, the Hon'ble Minister in charge feels confident, make rapid strides in research and, what is more, gain the confidence of the public as a live institution to whom it is worth while to turn for advice and guidance in the solution of industrial problems. On what lines and to what extent the expansion of this department will manifest itself, it would be perhaps rash to prophesy. The State Aid to Industries Bill to which reference was made last year has not, for a variety of reasons, reached the stage at which it can be put before Council, but when in the fulness of time it has attained a practical shape, it will no doubt make further progress possible.

3. **Home Industries.**—The Minister has perused with interest the Director's observation on the subject of home industries dividing them, as he does, into whole-time and spare-time occupations. India is primarily an agricultural country; but there is an appreciably large portion of the population which is not engaged in agriculture, and for those who are so employed there are long periods in every year when agricultural operations are at a standstill. The range of spare-time occupations is fairly wide, but weaving, which is dealt with later on in this review, seems to contain the seeds of success in a greater degree than most. The degree of vitality of the different classes of home industries varies greatly, but the Minister is not prepared, without further investigation, to subscribe to the view that the task of reviving even the apparently moribund among industries of this class is hopeless.

As regards whole-time occupations, such as the conch-shell and brass and bell-metal industries, the Minister fully agrees with the Director that the only two effective methods of approaching the problem are—

(1) the demonstration of improvements to adult workers. As observed by the Director, the only way of overcoming the proverbial conservatism of the peasantry is by repeated demonstrations at their doors.

(2) the training of the future generations of artisans in industrial schools.

It is essential that a complete and thorough course of training in the correct use of tools and plant should be imparted to them from the very beginning, and the Minister agrees with the Director's view that greater attention should be paid to making it the aim of our industrial and technical schools to turn out a real craftsman capable of manufacturing an attractive, artistic and saleable article. Organised on these lines, our schools should exercise a far more valuable influence on home crafts and industries than they have hitherto. Of not less vital importance is the question of marketing the finished products of these industries. The organisation of these markets has, for the past ten years, been the care of the Bengal Home Industries Association, a body formed in 1917, and under non-official control. Its results have up to now been regrettably meagre, and its working has recently been the subject of the serious consideration of Government. The Director of Industries has been instructed to inquire into its administration and to submit proposals for its better and more businesslike management. This is a matter to which Government attach great importance, and the Minister hopes that the Association will readily co-operate with the department in carrying out whatever improvements may be found necessary.

4. **Industrial Chemist's Department**—It must frankly be admitted that this department cannot point to a very impressive array of achievements. Two factors have stood in the way—the lack of an independent laboratory, and secondly, the absence of close touch and co-operation with the industries which this department is designed to assist. The former want has been supplied. As regards the latter, the varied lists furnished by the Director of Industries of inquiries from industrial concerns which have been made to and answered by the department during the year under review, show that its services are very far from being unappreciated by the industrial community. These inquiries have taken the form of requests both for technical and scientific advice, and for information of an industrial and scientific nature.

That the inquiries have been made and answered shows that the department meets a real need, and the Minister-in-charge has little doubt that the volume of these inquiries will grow. The fact is that this department, like all things else, must grow up from small beginnings, and it is folly to expect either that it could revolutionise industry of its own motion in the first five years of its existence, or, on the other hand, that industry could be other than slow to recognise the value of a department the purpose and value of which is entirely new to it.

5. **Industrial Engineer's Department.**—This post has been filled since October 1925 after being vacant for two years, and the short period that the Engineer has been at work, accounts in great part for the fact that the industrial public has so far made little use of his services in the way of rendering help and advice in the erection of power-plant and factory machinery, which should be, as contemplated by the Indian Industrial Commission, his main line of employment. With greater attention paid to publicity and propaganda, and as the existence and value of the Industrial Engineer becomes more widely known, the Minister has little doubt that he will be more and more called upon to give advice and assistance. Meanwhile he has been actively engaged in another direction on which the Commission laid stress, viz., that of designing and perfecting labour-saving devices for use in home industries. A conch-shell cutting machine and a machine for polishing brass and bell-metal articles, both of them simple power-driven machines requiring only 3 B. H. P. to work them, have been the subject of successful demonstrations, and Government have recently sanctioned the entertainment of a demonstration party which will show

these machines as a working proposition in various parts of the country. An elementary need at the present stage of industrial development is information, and more information. It will be the Industrial Engineer's duty to make a survey of the numerous industries that exist, so that he can both give useful advice to those who seek it and at the same time investigate for himself the directions in which these industries can be improved on the technical side. Government are glad to note that the Advisory Board of Industries also are giving this matter their attention.

6. **Weaving Department.**—Weaving is *par excellence* the home industry of the province, and the Minister has read with the greatest interest Mr. Hogg's account of this department's activities. It is evident that much more might be achieved by a better organised system of demonstration. There is an inert mass of conservatism to be overcome, a conservatism of which there is no better illustration than the slowness with which the fly-shuttle is displacing its infinitely inferior but old established rival, the throw-shuttle. The demonstration parties that have been at work touring various parts of the province are unquestionably making a great impression on the people, and the Minister fully agrees with the Director in his proposal to make the work of these parties more effective by increasing their staff and in particular by arrangements whereby a demonstrator carries with him a stock of improved appliances for sale to the weaver on the spot. In other words, these demonstration parties will adopt the role not merely of showmen, but of salesmen. Lastly, the Director touches on what is the key to the problem, successful marketing. In a world of competition goods will never be sold unless they are pushed, and it is this element which has been lacking up to now. The Bengal Home Industries Association has failed, and, as mentioned elsewhere, the Director is giving his attention to the difficult task of finding the remedy.

7. **Bengal Tanning Institute.**—Valuable work continued to be done at the Calcutta Research Tannery or, as it is now called, "the Bengal Tanning Institute". It was decided during the year under review to retain this institution on a permanent basis, and Government take the view that with the tanning industry of the country in its present stage of development the trade could not be expected to carry out at its own cost the research that is so necessary for its progress. The investigations into various problems connected with the leather industry that were carried out at the institute gave results of importance, but the difficulty lies in getting the information thus obtained made use of by a trade which is as conservative as any in the province, and also mainly in the hands of an ignorant and uneducated body of men. Carelessness and ignorance of the proper methods of curing and preserving skins are causing daily a deplorable waste of what is one of the greatest economic assets of the country, and the field for improvement is a very wide one. Two demonstration parties are now at work, and have been able to display modern methods of tanning at exhibitions and elsewhere. In time this will bear fruit, but immediate results are not to be looked for.

The apprentice course of training at the Institute seems to be working fairly satisfactorily, but the test of its usefulness lies in the number of students who utilise their training by taking up tanning as a profession. It seems that 18 individuals were under training during the year: 5 passed the final examination, 2 of whom are said to have taken up tanning as a business. The Minister-in-charge would be glad to know the subsequent histories of students who passed out in previous years as he attaches great importance to this, the practical aspect of the question.

Schemes for a two-year diploma course in tanning and for a boot and shoe making department are under consideration. The second of these two offers a promising avenue of employment. The industry is at present in Chinese or up-country hands, and there is no reason why Bengalis should not capture this trade.

8. **Technical education.**—An addition was made to the number of institutions for imparting technical education in the Calcutta Technical School which was opened on 1st February 1926, absorbing the old Calcutta Technical Evening School together with its staff. It is much to be regretted that it has not yet received the annual grant of Rs. 20,000 that was expected from the Calcutta Corporation. The effect of the withholding of this grant has been to cause some restriction in the scope of training offered by the school but the Minister trusts that the matter may yet be reconsidered by the Corporation. The curriculum is designed on sensible lines so that it is possible for a lad to receive a good theoretical training concurrently with a practical training under commercial conditions, and even to continue his education after he has begun to earn his livelihood. It will be interesting and valuable to keep a record of the subsequent careers of passed students of this school.

Some progress has been made towards the improvement of the four Government technical schools at Barisal, Rangpur, Bogra and Pabna, and the scheme for the reorganisation of the Barisal school involving a large expenditure, has been administratively approved. Apart from these it is the policy of Government to deal with new schemes for technical education by the system of grants-in-aid.

The Minister-in-charge has read with much interest the Director's references to the curricula of the artisan classes at the technical schools. He agrees that these classes should aim at turning out real craftsmen and aim at a much higher standard of proficiency than is at present attained, and he trusts that the Director's efforts to effect improvement in this line will be fruitful.

The Indian School of Mines and Geology at Dhanbad in Bihar and Orissa was started towards the close of the year, and four scholarships have been provided for Bengal students for training in this institution, two of which are reserved for Muhammadans, if qualified. The mining classes at the Bengal Engineering College, which were poorly attended, have now been closed.

The Serampore Weaving Institute continued to do useful work, and the year witnessed the admission of female candidates for training in the regular higher and lower classes of the Institute, all the vacancies offered, viz., 20, being filled. Eventually, when teachers are available, female peripatetic weaving parties for training of *purdah* women at home will be organised. The Silk Weaving and Dyeing Institute, to which reference was made in last year's review, is now located at the old Mental Hospital buildings at Berhampur, and progress has been made in setting up machinery and engaging the staff, so that the opening of the school is now not far off. District weaving schools at Suri and Khulna were started during the year, and 18 additional peripatetic schools were also sanctioned 4 of these being specially for the benefit of the Sonthals in Bankura, Birbhum and Midnapore.

9. **Grant-in-aid fund.**—As has been observed above, it is the policy of Government to stimulate technical education mainly by means of the system of grants-in-aid. To ensure a steady course of development, Government have accepted the principle that the allotment for grants-in-aid should be increased each year by a fixed amount for a period of three years beginning from 1927-28, the grants being made to selected institutions which are designed to further the technical and industrial development of the province

10. **State Technical Scholarships.**—Two three-year State technical scholarships were awarded during the year for the study of cotton cloth dyeing and soap manufacture, respectively, in England.

11. **Acknowledgments.**—The thanks of the Minister are due to the members of the Advisory Board of Industries and the other Boards and Committees for the assistance they have rendered in the administration of

the Department during the year. The Minister also notices with pleasure the assistance and support rendered by numerous private individuals to the Director of Industries in connection with the administration of local institutions

The Government of Bengal (Ministry of Agriculture) have pleasure in recording their appreciation of the efficient manner in which the Department was administered by Dr. D. B. Meek and by Mr. G. P. Hogg, and of the good work done by Mr. A. N. Sen, Inspector of Technical and Industrial Institutions, and Mr. S. C. Mitter, Industrial Engineer, in their respective departments. The useful work done by other officers, as mentioned in the report, is also noted.

CALCUTTA, THE 20TH JUNE 1927.

RESOLUTION No. 9989 R. J.

READ—

The Report on the Administration of the Jail Department in the Presidency of Bengal for the year 1926.

READ ALSO—

The Reports for the years 1924 and 1925 and the resolutions of Government recorded thereon.

There was a small increase in the total number of prisoners detained in the jails of Bengal during the year under report, which was mainly due to the communal riots in Calcutta, Dacca and Pabna, and also to the influx of Satyagrahi prisoners in the Patuakhali sub-jail. The average daily population was 12,772. There has been a gradual fall since the year 1920 when the number was 15,357. The average number of female and European prisoners remained almost stationary.

2. There was a still further improvement in health during the year under report. The daily average of sickness fell to 31·21 per thousand, while the death-rate was only 13·7 per thousand. Dysentery, which was at one time a serious blot on the administration of the Bengal jails, has been almost eradicated by improved drinking-water supplies and other hygienic measures.

3. Though dietary charges increased from Rs. 9,23,000 to Rs. 9.52,000 on account of the larger population and some rise in the price of food grains, the total cost of maintaining and guarding the prisoners fell from Rs. 24,39,000 to Rs. 23,82,000 owing to economies in other directions.

4. There was an improvement in the average period of detention of undertrial prisoners in sessions cases. There has been a slight rise in the average period of detention of under-trial prisoners in magistrates' courts, especially in Dacca, Mymensingh and Bakarganj.

5. The Inspector-General has shown a total earning of Rs. 6,03.300 against Rs. 6,49,500 in the manufactory department last year. The percentage of prisoners employed in manufacture fell to 42·56 per cent., and the average earning of prisoners dropped to Rs. 62-13. Until the system of accounts is reorganised on a strictly commercial basis, it is very dangerous to draw any conclusions from the figures given in this and previous year's reports. The Council has voted a sum of Rs. 4,000 for the introduction of an improved system of accounts in the Dacca Central Jail, and the services of an expert officer have been applied for from the Auditor-General.

6. The jute mills in the Presidency Jail were closed in 1924 and the worn-out machinery has been disposed of for Rs. 60,101. There is a proposal to introduce oil-pressing mills in this jail, but the matter is still under the consideration of the Inspector-General.

7. Rupees 68,000 have been provided in the budget for new machinery for manufacturing woollen blankets in the Dacca Central Jail. This is a flourishing industry, and the present machinery is in urgent need of thorough repair.

8. Until September 1926, quinine tablets were manufactured in the Juvenile Jail. The industry had no educative effect and was not really suitable for a jail. It has now been transferred to the Government cinchona factory at Mungpoo.

9. The most important reform of the year was the organisation of the reformatory school for juvenile offenders below the age of 16 in the Juvenile Jail at Alipore. An industrial school for children under 12 will shortly be opened in the same premises. Both these institutions will be handed over to the Education Department for management. In the meantime, the adolescent prisoners, hitherto detained in the Juvenile Jail, have been accommodated in a separate section of the Presidency Jail. Those of them who are suitable will shortly be transferred to Bankura where arrangements have been made for their special treatment and training in a separate jail modelled on the lines of the Borstal schools in England, and also in Madras. A Borstal School Bill has been drafted, and Government are looking forward to introduce it in the next session of the Legislative Council.

10. The great importance of the institutions described above is that they represent the first practical step towards giving effect to the modern theory of jail administration, which makes its foremost aim the reformation of the criminal. The Indian Jails Committee recommended that habitual and non-habitual criminals should be kept apart, and all the officers of the department have been earnestly considering means for helping released prisoners to escape from the temptation to revert to a life of crime. The complete segregation of incorrigible prisoners from those upon whom they are likely to have a bad influence, besides involving enormous expense, presents many practical difficulties in India. In a country where industries on a large scale are scarce, it is also difficult to teach the prisoners useful trades or to obtain employment for them after release. In order to secure the latter end, a great awakening of the public to their responsibilities is necessary. In the meantime, it is a great gain if all the prisoners under 21 can be kept in separate institutions, subjected to a special kind of discipline, and given an expert training in useful occupations.

11. The Inspector-General has brought to the notice of Government that, in spite of repeated protests from the Jail Department, the number of juveniles sentenced by Magistrates to undergo hard labour is on the increase. It is hoped that with the opening of the Borstal school, and the contemplated extension of the Bengal Children Act to areas outside Calcutta, there will be a great improvement in this respect. There is a welcome diminution in the percentage of prisoners with short sentences. It is doubtful if the great majority of magistrates realise the importance of not sending any person to jail for the first time, if any other adequate means of dealing with the offence presents itself

12. The Boards of Visitors, and particularly the lady visitors of the Presidency Jail, continued to do useful work. They have taken an interest in the work and have helped the Inspector-General and Government with many constructive suggestions. The jails were on the whole more frequently visited by non-officials and inspecting officers of superior status Advisory Boards sat twice at each of the Central Jails to consider the premature release of the deserving prisoners. They recommended release in 86 cases out of 176 cases placed before them, and Government finally accepted their recommendations in all but 9 cases.

13. During the year 36 prisoners including under-trials escaped, against 19 escapes reported last year. The Inspector-General has given full details in each case where a convict was concerned. This large increase must be attributed to a want of proper care and vigilance on the part of the warders and head warders. 951 warders were punished during the year against 896 in the previous year. In spite of certain concessions already granted there is discontent among the warders Thirty-six of them have resigned, and the rest have for the fourth time petitioned Government for better pay and prospects. The preliminary inquiries which had to be instituted in connection with the cruel murder of Rai Bhupendra Nath Chatterji Bahadur, Superintendent of Police, Bengal Criminal Investigation Department, within the Alipore Central Jail by the political prisoners, led to serious reflections being made on the efficiency of the staff in this important jail. A committee was appointed under the presidentship of the Hon'ble Mr. Justice Pearson of the Calcutta High Court to inquire into the present state of discipline in all the central and district jails, the efficiency of the subordinate staff, and the adequacy of the supervision. On the whole, the report has been favourable to the administration, and the Governor in Council is satisfied that in view of their difficulties generally, and especially the insufficiency of their subordinate staff, the officers of the department have shown great restraint and patience and managed their jails with considerable success. While acknowledging his indebtedness to the Inspector-General and the officers, whose good work has been specially mentioned in Lieutenant-Colonel Hamilton's interesting report, the Governor in Council trusts that all Superintendents will bear in mind the recommendations of the Jail Inquiry Committee that they should spend more time inside the jail, as opposed to the office. If with the time and the material at their command they cannot do as much as they would like towards the moral reformation of the prisoners, or even make themselves personally acquainted with every long-term prisoner as the committee have recommended, they can at least see that all the prisoners are profitably employed throughout their period of detention and that when the time comes for their release they are physically, if not morally, more fit to meet the trials and privations, which there is only too much reason to fear must fall to the lot of no small number.

ORDER—Ordered that a copy of this resolution be forwarded to the Inspector-General of Prisons, Bengal, for information and guidance.

Ordered that a copy of this resolution and a copy of the Report be submitted to the Government of India in the Home Department.

Ordered also that the resolution be published in the *Calcutta Gazette*.

By order of the Governor in Council,

F. A. SACHSE,

Secretary to the Government of Bengal.
